Beyond Products - Value Additions |

Value Added Services

Three Tier Training Program

Haylide has a one of a kind Cleaning Chemical Technology Training Program for Supervisors & Facility Managers apart from the usual Floor level & Classroom Programs on product usage,

Haylide also follows a unique Documented Feedback system where the End users are asked to rate our Product performance on a scale of 1- 5.

Audit & Consultancy

A Holistic approach to Hygiene to formulate Well appointed Hygiene Systems.

Our Hygiene Audit System is a 360 Degree view of a facility's hygiene requirements, including quantitative consumption pattern, Identification of specific Infection Control needs & application of best practices worldwide.

Public Awareness Program

Haylide also works hard on improving the image of the Facility Maintainers through a public awareness program.

This involves Seminars for Customers of our Customers on Green Cleaning & Safety.

Haylide also Designs & implements Awareness posters depending upon site requirements.
